Dear Nancy,
 You are real
 cool! No, really,
 you're the sweetest
 person. You throw
 a real mean baton.
 Out-a-sight. Be a
 good jumb, next year.
 I hope we see each
 other again.
 I will remember
 you always,

Unsung Heroes

Many teachers are not just classroom fixtures. Their work hours extend beyond classroom activities. It is difficult to spotlight one teacher a year, so in this volume of the Pawprint we would like to applaud the 1976 version of our unsung teachers. These instructors are involved actively in teaching students during class hours and in many extra-curricular activities.

Seen at work are Kathy Veith, math instructor; Dorothy Beaubien, English D.C.; Pete Fisher, band; Linda Hayley and Ethel Kennedy, office staff.

I am so happy to see
 you all again. I hope
 you are all well and
 happy. I am so glad to
 hear from you all. I
 hope you are all well
 and happy. I am so glad
 to hear from you all. I
 hope you are all well and
 happy. I am so glad to
 hear from you all. I hope
 you are all well and happy.

The Fearless Leaders

Carrying on in the tradition of those before are Senior Class Officers (L to R Top Row: Betty Alvarez, Secretary, Ann Dixon, Vice President, Mike Sullivan, President, Karen Laukka, Exec. Council, Christy Conner, Treasurer. Bottom Row, Pete Starnos, Exec. Council, Laurie O'Hara, Sgt. at Arms, Ralph Goers, Exec. Council)

The Class of '76 has seen it all. As Freshmen we didn't know what to expect, such as the gas-pipe leakage, and falling into the trenches that covered the campus. Of course, this happened in winter, and we froze without heat or hot showers.

As Sophomores we were ready to face the energy crises. With Daylight Savings Time in January we came in the dark and watched the sun rise second period.

As Juniors, our over crowded school needed a 10 period day. This meant Upper Classmen and Lower Classmen were separated for the first time. But, when the School Bond was finally passed, we were promised a bigger school. Then came open campus and the daily trips to McDonalds.

Now, as Seniors we face the construction work of our growing school. We've gone through worse before, and we'll survive the construction noise somehow.

We can look back on all our good times: burning trashcans, firecrackers, streaking, ditching, skateboards, frisbees, and Friday night games and wild parties.

And we must never forget "our gangs" throughout these years: "Coolahans", "Fearsome Foursomes", "B.A. Brotherhood", "S.U.C-K-E-R-S", "The Scandalous Group", "On the Floor Gang", "THE FAMILY", "The (L.B.S.) Gang" and "The H-Key Club".

We've been through the good and the bad, but all in all, we're the best. We're the "Spirit of '76" and we'll always remember the times we've shared here.

(L to R) Diane Ferguson, Gene Garber, Ron Goldberg, Robin Suzuki, and Ph Harris enjoying each other's company.

Kelly M. Iner watches some of the good looking football players on the quad

Today- Mike Miller, Mike Voymovich, Bill Leonhardt, Jim Wood and Steve Butler Tomorrow- Elton John?

Chris Avala and Mike Breazeal share their thoughts for the day

Seniors Being Themselves

NPHS Seniors gather together at Borchard Park to demonstrate their "Spirit of '76"

The Kelly woman's friend Ralph was someone else (Raquel Welch, maybe?)

Seniors Yvonne Malone and Jeanne Sweeten couldn't afford to decorate their apartment, so...

Matt Broadway, Paul Courtright and Steve Ventres reflect on the past four years at NPHS while, in the background, stands the future.

Don Bernstein and Bret Welshmer pool their money to, reluctantly, buy the Cafeteria's food.

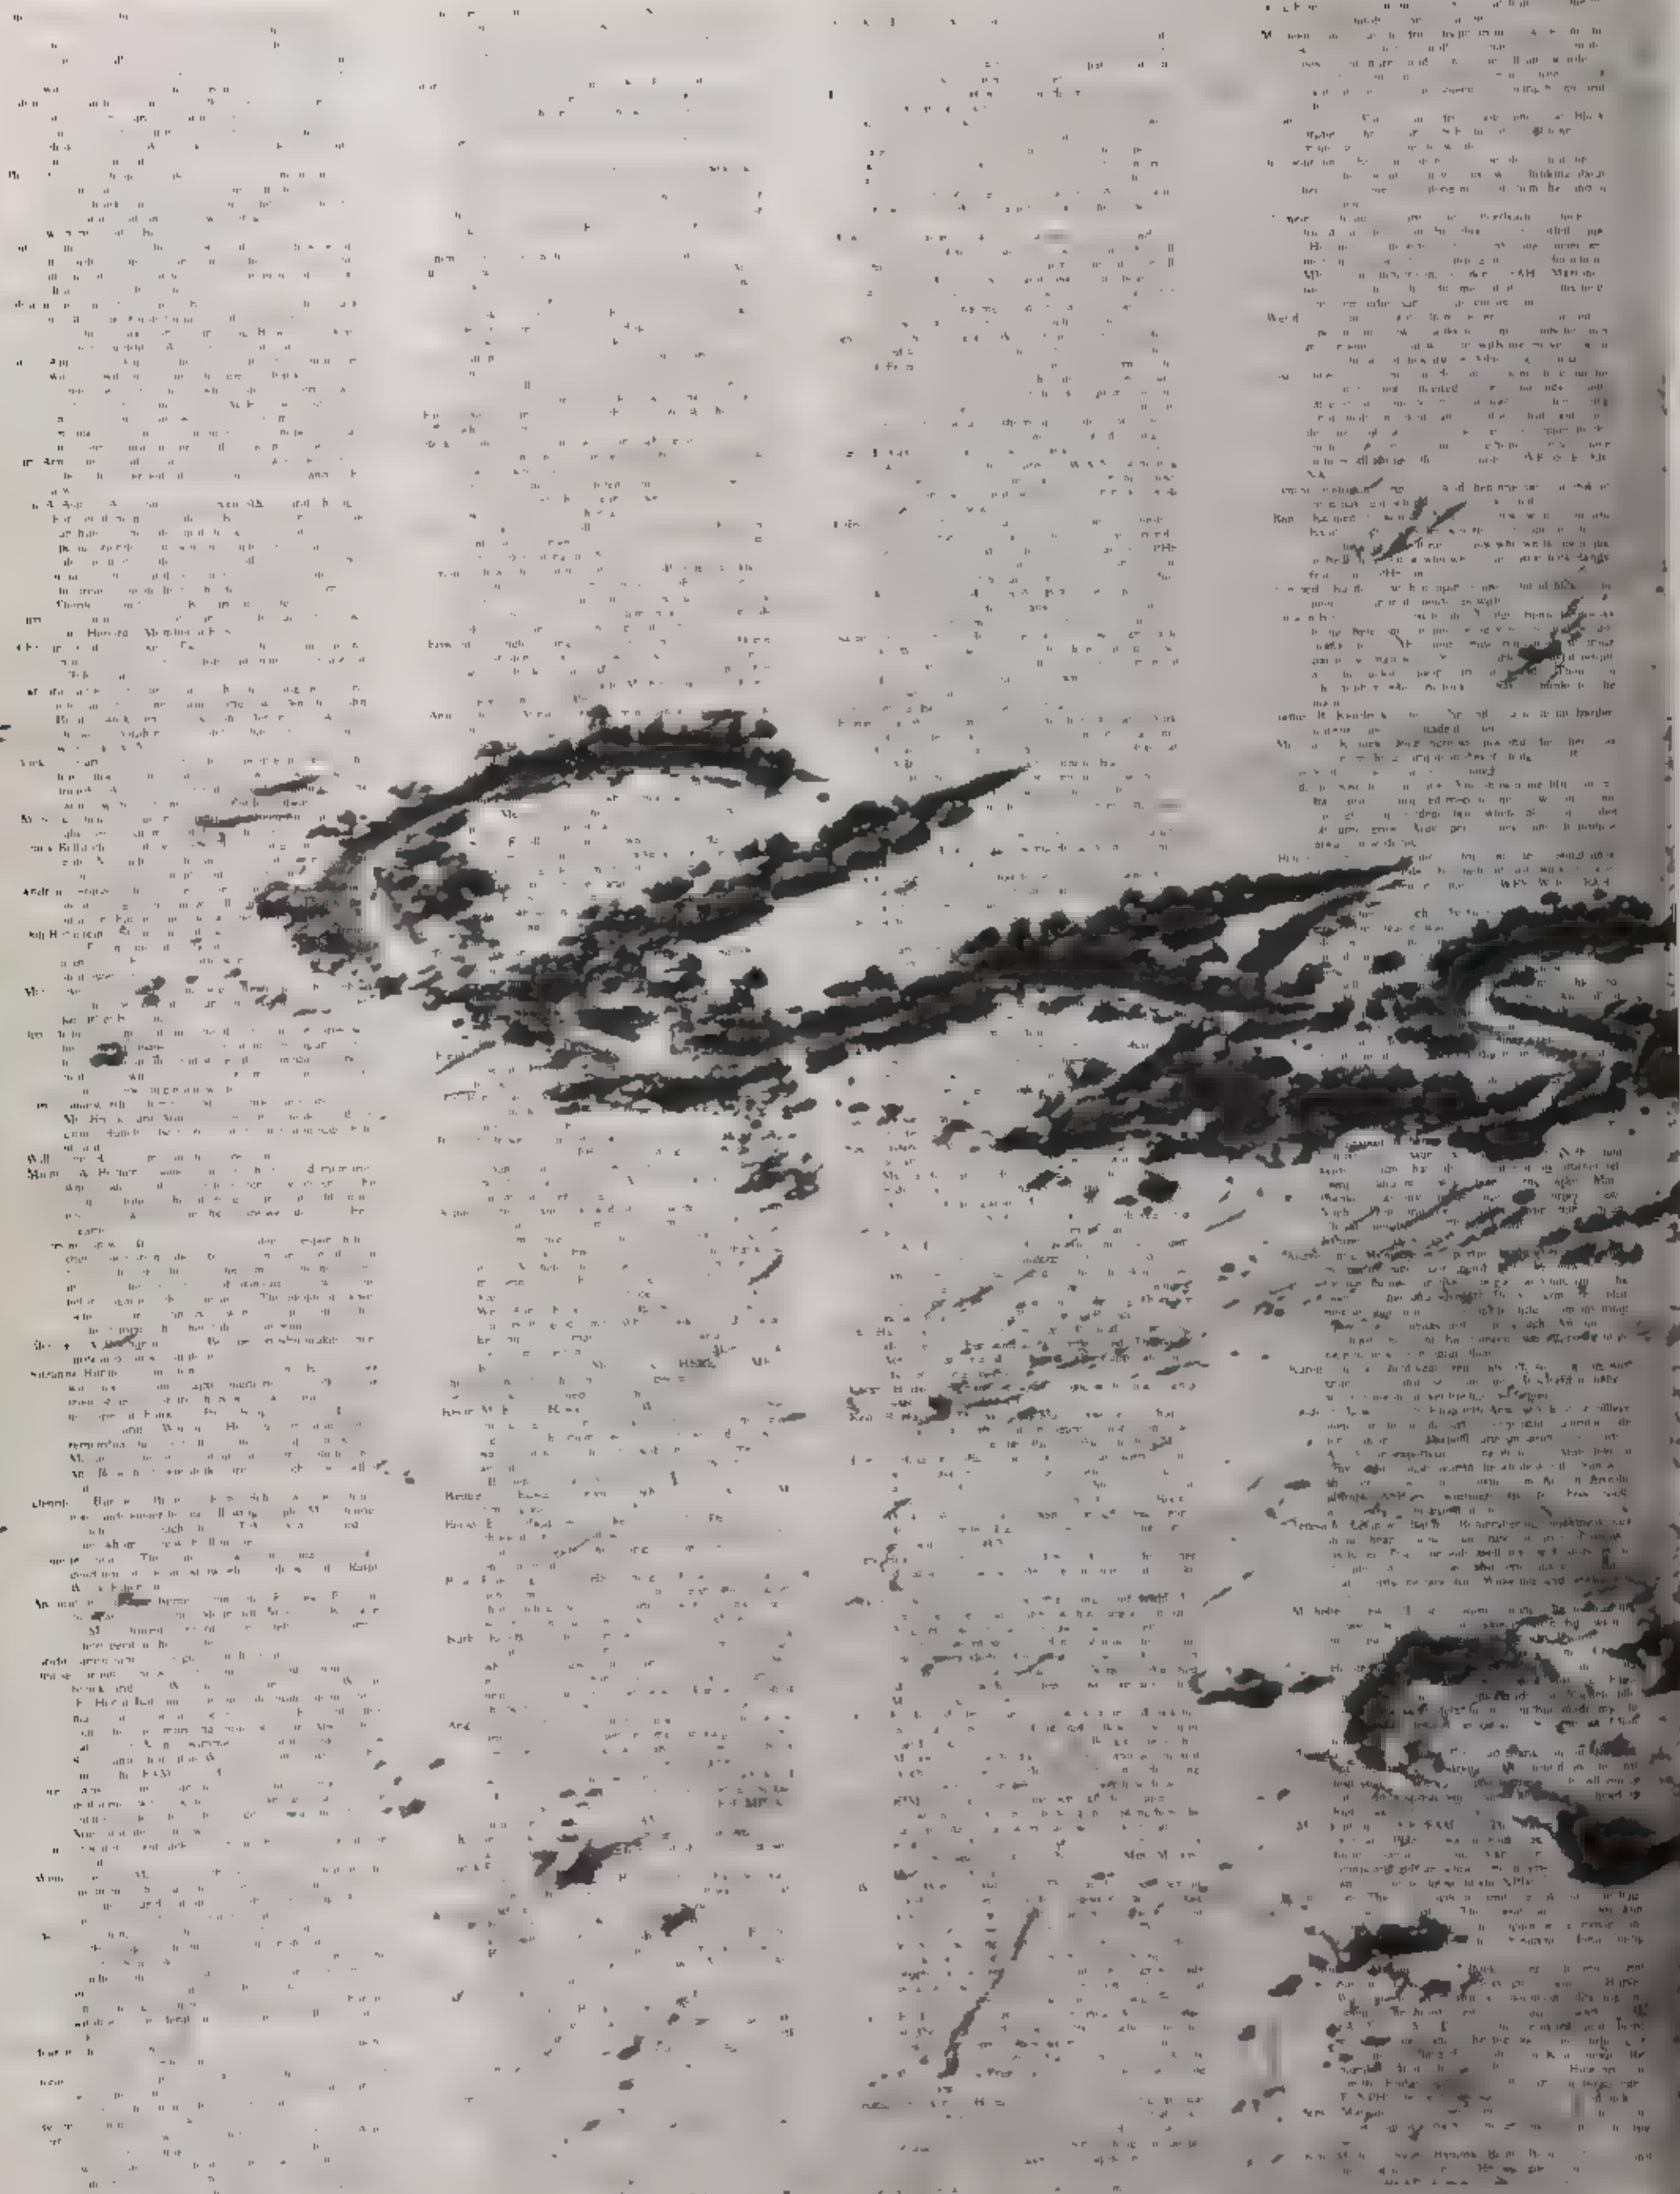

Doug Trotter, Randy Boser, Mike Nuccio, and Bob Ames Cheerfully pose.

That's what I like about this school, there's always something constructive to do.

Newbury Park's finest

The Newbury Park students were involved in an election with the following results being Senior favorites. A group considered the Best of the Bunch. They have great eyes, sexy legs, and far out personalities

Most Popular Donna Gunderson and Tom Lian look down upon their fans

Best Personality Ken Edwards and Pam Dood It's the personality that counts

Best Physique and Figure: Scott Young and Tom Manos are very shy, inhibited people, as you can see

Most Gullible Ellen Hazeltine is sitting in a mud puddle, "But they told me it was dry here"

Most Friendly Rich Drewes and Yvonne Malone will talk to anybody, even each other

Class Clown Denise Carbone and Jeff Brown think they're cool playing on the office roof

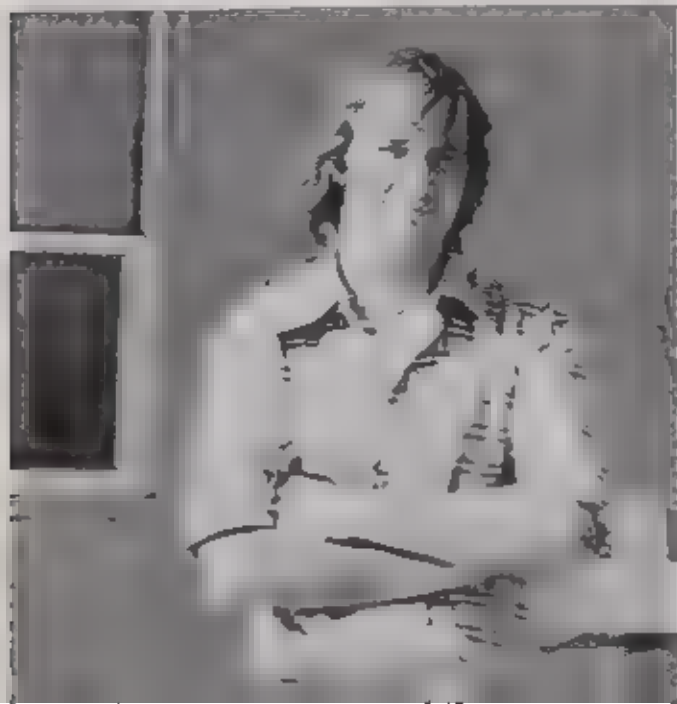

Best Eyes Jodi Pachito seems to be all smiles while Doug Trotters sticks to a more serious mood

Most Likely to Succeed Cindy Law and J.B. Holston ditching class again

Most Gullible: Bob Ames *thought* he was posing for Playgirl

Best Hair Ken Shapper and Janice Devine - Is it true what they say about blondes?

Most Unique: Greg Turner and Teri Ryan -
"Different strokes for different folks."

Best Dressed: Betty Alvarez and Paul Moore
model their grubbies on the quad

Most Athletic: Curt Ausmus and Judy Wilson
would rather be playing football

Regretably, not pictured
are: Terry Cole and Linda
DePalma - Most Talent-
ed; and Matt Broadway
and Nina Asnes - Best
Legs.

Best Smile: Janet Crowwhite and Scott Stearns just got their braces off
today

Most Humorous: Sue Mulligan and Neal Oren will do any
thing for a laugh

N.P.H.S. Has the Best

Most Spirited: Randy Home and Michelle Lewis were caught off guard by our photographer

Most Flirtatious: Elwood Rodriguez and Nancy Cannon attacking each other on the quad

Most Unpredictable Greg Ayala shows his idea of transportation what's yours?

Mr and Miss N P H S.: Brian Elsea and Debbie McCabe commit a campus "no-no"

Best Looking: Leshe Darough and Jeff Blum, both looking foxy, as usual

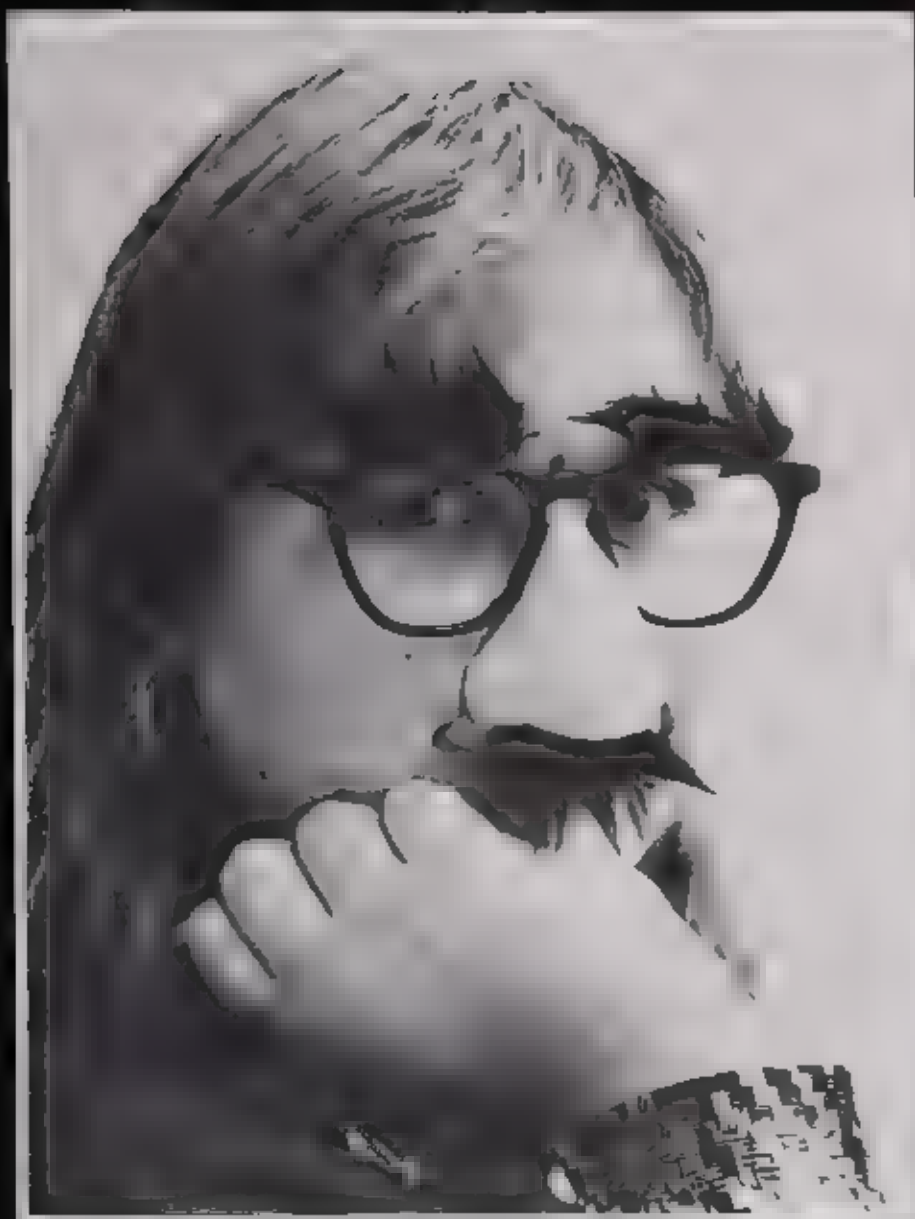

Best All Around Bob Miller and Janet Mason represent all special quantities of Seniors

Juniors

A class which has class

Gretchen Lund and Sara Wilson do have class

Alison Schaub-Just one of those everyday people.

"Veeerry interesting female specimen," thinks David Smalley, Jim Hyatt, and Henry Apper.

The 1975 Junior Class Homecoming Princess, Mary Lockert, looks as white as her friends cheer for her.

"Hands off world, he's all mine," says Becky Schwartz about Dave Dalton.

Junior class officers: Cindy VanOver; Secretary, LeAnn Uskali; Treasurer, Mary Podomak; President, Sheila Tachon; Vice-President.

Throughout the year the Junior class was involved in many exciting activities. They started the year off with the traditional building of their class float and selling football concessions. A walk-a-thon and car wash was also held to help raise money to contribute to other class projects. The students of N.P.H.S. were given a special treat when Santa's Junior class elves delivered their gifts at Christmas time. Later in the year they attended the Jr.-Sr. Prom, ran basketball concessions and sponsored many candy sales. The Juniors ended the year with a memorable beach party.

A lot of sophomores take it easy. Some read or even write poetry. Some just dream about all of the good times ahead.

just dream about all of the good times ahead.

Nancy,
To a very

Classes and Study

Some sophomores find it easier to do their homework in between classes on the quad

Late for class, but there is a good chance he will finish his homework

Susan Howes, with friend fix their hair after P.E. Now they can go on to more classes and study

Gigi works hard in her Spanish class. It seems that sophomores work never ends

Lunch and Relaxation

Two sophomores find relaxation at lunch. Even the plastic tastes good when sixth period finally rolls around.

To relieve the tensions of the day a good toss of a frisbee works wonders. The frisbee can be seen three lunch periods a day and five days a week.

Lunch is a good time to discuss all the social happenings, such as who's going with who and other important facts.

Three sophomore guys enjoy rating the girls as they walk by during lunch.

Laura McCabe takes a moment to give us a smile for just one more make up picture

Sophomores usually discuss the important issues of today. Today's topic seems to be motorcycles, girls and the school's cookies

A break during the day is a nice way to get some good rays. A few minutes of relaxation and maybe even some privacy on the quad

Freshmen

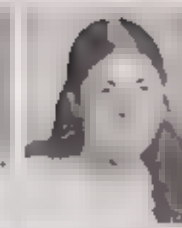

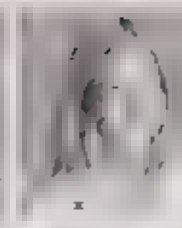

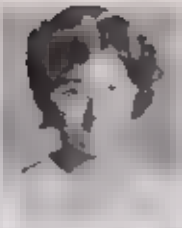

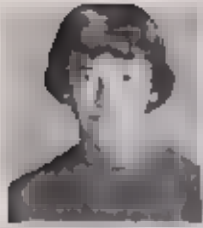

Freshmen officers Michelle Burger, President, Barbara Thomas, Treasurer, Jennifer Hahn, Vice President, and Lisa Knoll Secretary

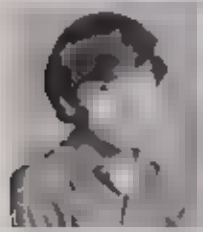

This year the Freshmen class spent much of their time raising money for future activities like the Senior Prom. They did this by having candle sales, car washes, bake sales, selling concessions at basketball games, putting on special movies for the elementary children and selling "surprise" packages on the quad.

They were a very industrious class and put their talent to good use when they built their Home coming Float, which placed third in competition. Tremendous spirit has been shown by this class who has won several competitions at the rallies against the upper classmen.

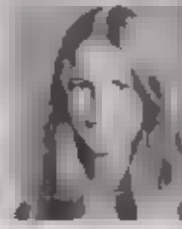

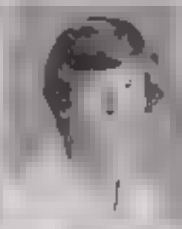

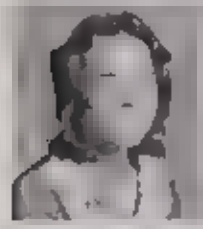

A dance was planned for the end of the year which was celebrated in their hard work and efforts.

Tribute to the Man

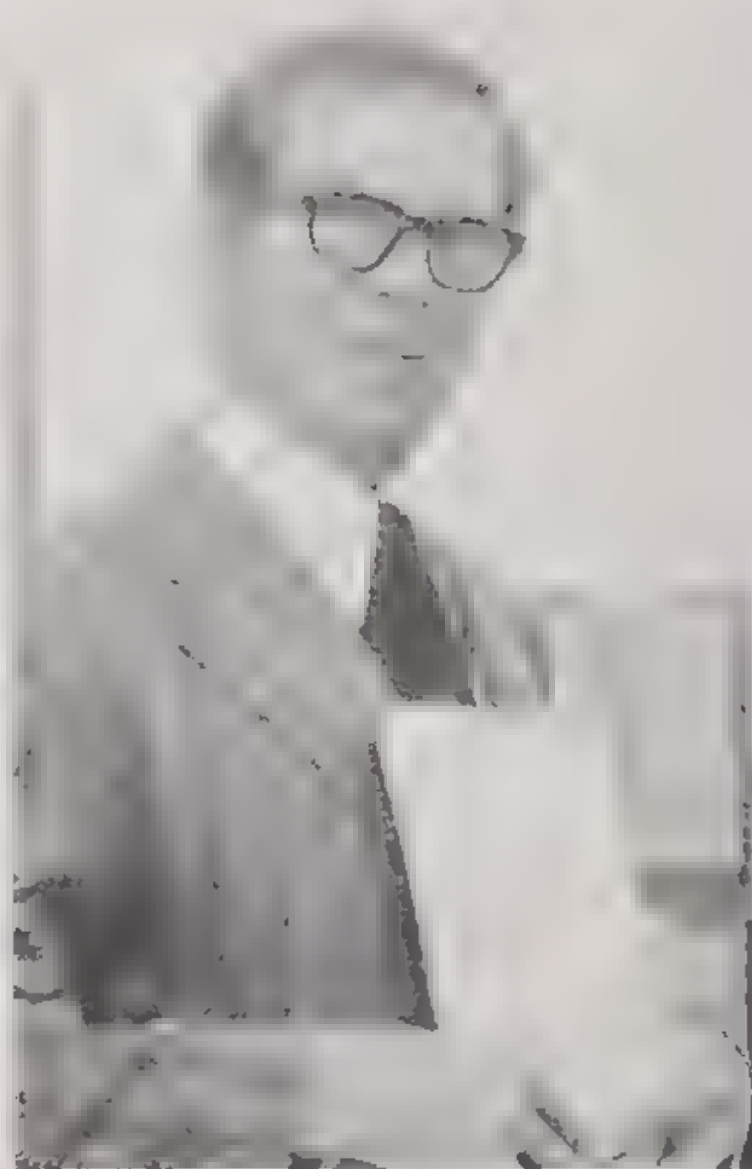

Mr. Gene Smith our principal of Newbury Park High School will retire at the conclusion of this school year. Mr. Smith has been responsible for many school and academic advancements. Under his leadership semester classes were initiated. The campus is now larger. We have a swimming pool, new classrooms, a commemorative bell tower. Many academic and competitive honors have come to NPHS because of his executive resourcefulness and understanding. Expansion, awards and achievements have been earned by the development of speech, drama, art, industrial arts and math programs. It is with fond memories that the student body and staff wish him happiness and prosperity in his future.

The military and family man

Fern, Paula and Gene Smith in college regalia

Gene Smith the Principal of Newbury Park High 1970-1976

Gene Smith, man involved with community activities

The Chosen Ones

Assistant Principal Ken Huston, who is constantly busy helping maintain situations that arise on campus

The administration worked hard and long to make the year of 1976 a successful one. Many hours were spent to make sure the students classes and activities were planned well. Along with all the planning came piles of paper work. The final result was a great year for everyone.

Boy's Vice Principal Joel Kirschenstein, who helps to uphold the peace here at Newbury Park High School.

Girl's Vice Principal-Carmen Armstrong, who has put in much time and hard work for the students. Her care and concern is never ending

The Work of the Counselors

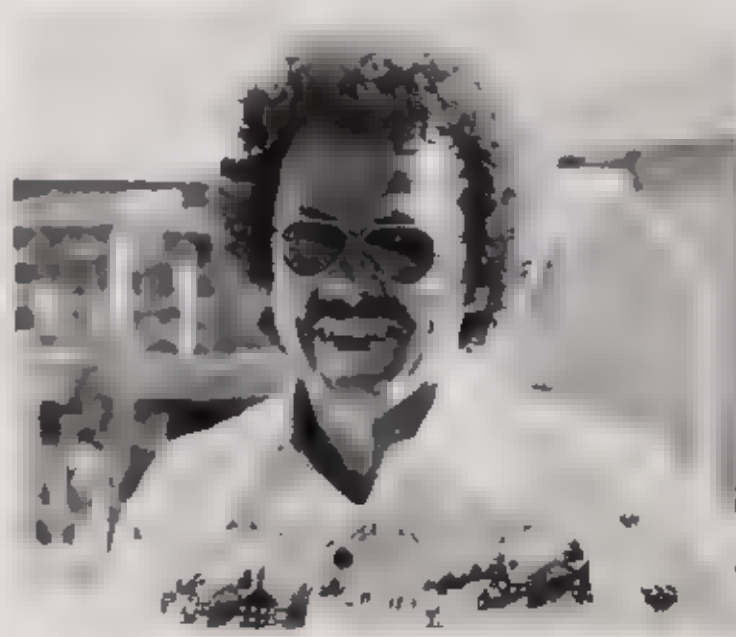

Head Counselor James McElmurry, a busy man and busy counselor, constantly helping student and student oriented matters.

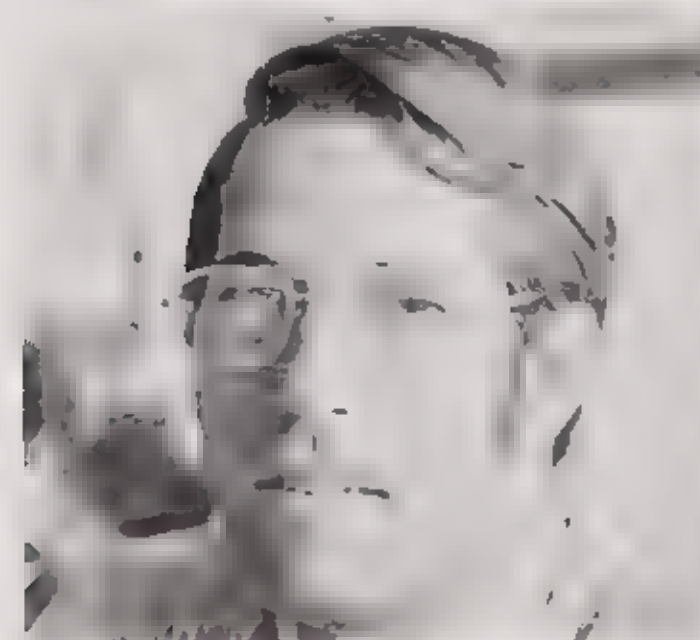

Paul Stalnaker a counselor who has been with us for quite some time now working with students to help solve their problems.

JoAnne Gastner who this year worked with the career center in helping seniors with college information and scholarship aid.

John Baden another busy individual whose cheerful smile and easy manner make him an enjoyable person as well as counselor.

Paul Felt and his wife are new to school but enter a good scene at P.H.S. He and his wife are busy in work with and interacting with students.

Selma Michner who returned from a year's sabbatical to us to work on questions with Mrs. Gastner in scholarship processing and financial aid help.

I Get By With a Little Help From My Friends

Secretaries-The ladies in the office at Newbury Park High School put in many and long hours each day. They help the students and faculty very much.

Faculty Secretary Eileen Kennedy who served the teachers this year helping them run off their tests that the students either passed, just passed, or blew.

Attendance Officer-Bill Loretta

Psychologist Dr. Kerr who listens to all the deepest secrets and problems and wouldn't tell them to anyone without your permission.

Nurse Frances McDermott school nurse on duty at all times.

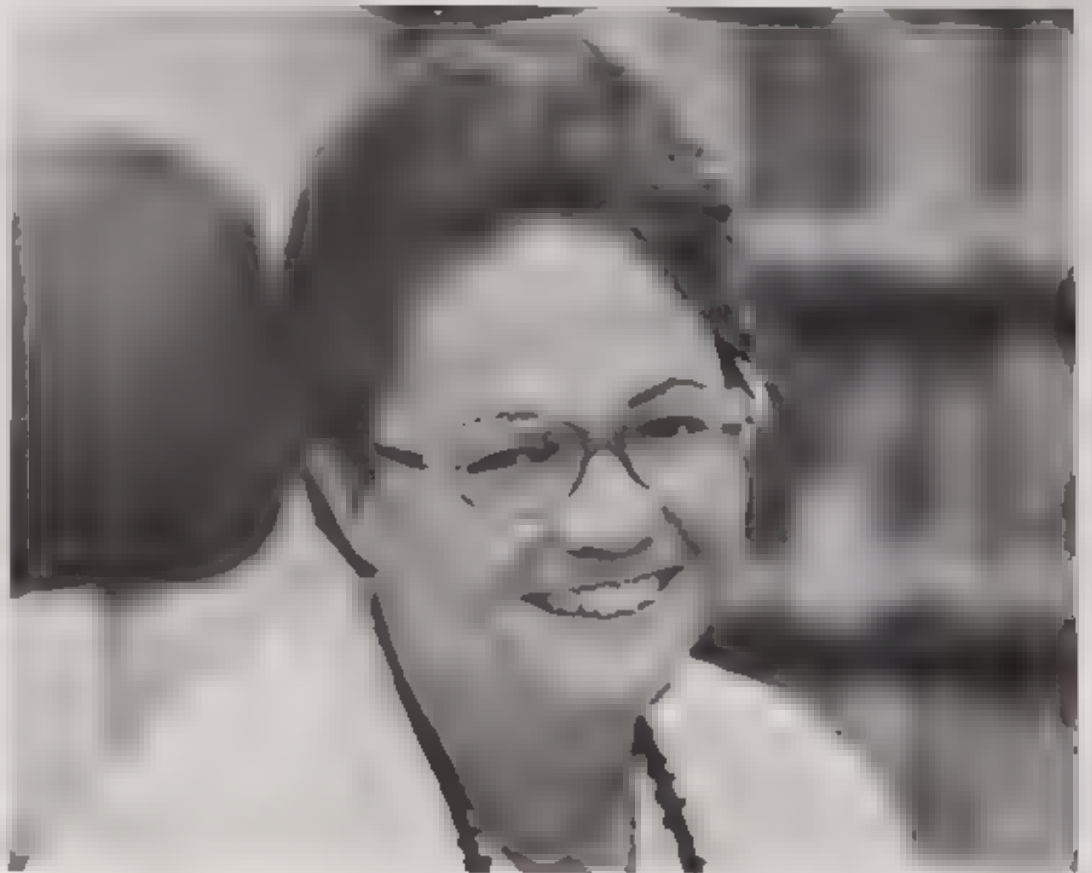

This year, like last year, the school had their very own psychologist, Dr. Kerr. Dr. Kerr counseled and worked with students in the EH program. With a MS in counseling and guidance and a PhD in psychology, she was well prepared to meet students and their needs. She enjoys working with the 13-19 age group and had someone dropping by all the time to talk about problems. Aside from her work with the students here at N.P.H.S., she was the psychologist at other schools as well. She is currently on the faculty at CLC where she lectures. She also has a private practice in marriage counseling. She worked here on campus coming twice a week, and enjoyed her year working with our students.

With the Passing of the Bond

The lush, beautiful, newly enlarged library, where there is usually peace and quiet was finally completed for the students use

With the passing of the bond, layouts and plans for a new, expanded library were readily accepted. At the end of the school year, last year, the enlarging process began by moving all library books and magazines to portable shelves in rooms 7 and 8. During the summer months, the dust flew and the inside walls crumbled. Finally, when the dust cleared, the phoenix arose from the ashes in the form of the beautiful, carpeted, much-more-spacious library. With the new library came a new librarian Mrs. Barbara Warkentien. Under Barbara's management, with moral and physical support from Bonny Patton, textbook clerk, and Carol Walters, library clerk, the library ran fairly smoothly throughout the year.

Librarian Barbara Warkentien, who maintains control and peace in spite of all her other duties as librarian

A New Library Was Spawned

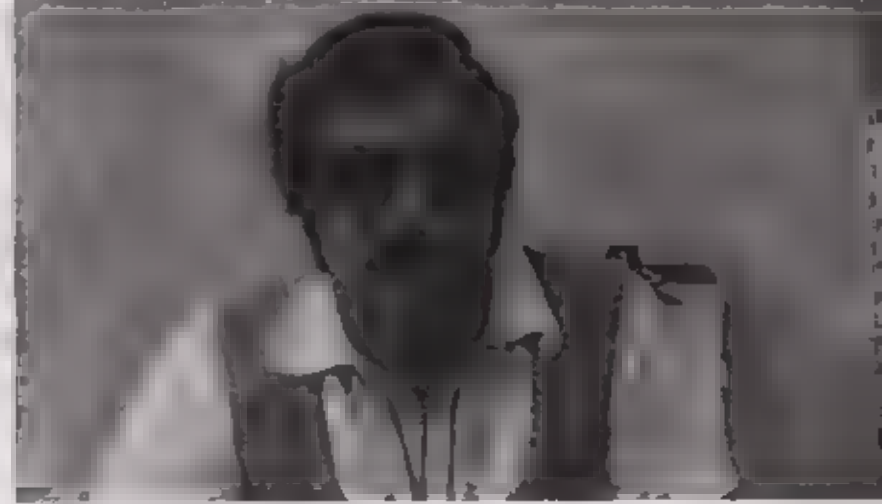

Textbook clerk Bonnie Patton who runs a tight textbook ship throughout the year in spite of all problems.

Library clerk Carol Walters who is always extremely busy doing this or that and getting the new books purchased out on the shelves.

Dana Clemons, Tania Lang, and David Campbell search the card catalog in the new library. Many new books can now be sought.

Audio-Visual- Pete Magallanes, who keeps records of incoming and outgoing films and projectors in spite of the mass chaos of film ordering.

Cafeteria Staff- Top Row Violet Edwards, Stella Brodski, Bonnie Bandy, Neva Lewis, Maria Martell, Sara Allen, Ethel Clois. Bottom Row, head Sue Shaw, Geneva Evans, Mary Anne Johnson, Velma Ainsworth, Mary Fule

Girl's P E locker room attendant Betty Ehat

Boy's P E locker room attendant- Jerry Naaktgeboren

This year, the career center has many plans on the drawing board. Mrs. Lillingreen has hopes to expand and relocate to a larger facility elsewhere on campus sometime during the second semester. This will give more room to have guest speakers and larger audiences. The career center has had 35 to 40 guest speakers already, and more are anticipated.

With Mr. Reed heading up the work experience program, it leaves more time for Mrs. Lillingreen to organize orientations. A special thanks goes to counselors Sylvia Michaels and Jo Anne Gastner for their extended help in scholarship counseling and for the time they spent helping college bound seniors prepare in every aspect of financial aid. On November 18, a college night has scheduled at T.O. with 110 representatives from colleges and vocational schools on hand to help both parents and students plan for the future college students' needs.

Career Center coordinators- Mr. Gary Reed and Mrs. Jessie Lillingreen

The Illustrious Faculty

This year, like last year, we on the Pawprint staff asked the faculty members to respond to one of a few questions pertaining to some aspect of the bi-centennial. We asked them to share their

1. Favorite period in American history that they would have liked to have lived in or may have influenced them
2. Favorite individual in American history that made an impression upon them, to wit, influenced them
3. Favorite quote by a figure in American history

The enthusiasm of the faculty this year was very impressive and our efforts were a success. Contrary to most students' opinions, faculty members are beautiful and very illustrious with the Pawprint staff.

Fine Arts

Dennis Reed, D.U. "Nothing can come from out of the artist that is not in the man." Picasso

The music department has a new choir director John Ledwon. The excellence of Black Orpheus is being continued. The band under Pete Fisher is a state award winning group this year.

Kristi A. Colet: "If I had my choice I would have lived at the end of the 19th century and been a member of the Sara Bernhardt theatre troupe in addition to studying painting with Winslow Homer and sculpture with Frederick Remington. I must add to have lived with these great people I would need 20th century plumbing."

Carolyn (C.) Pinkston: "One must not be afraid. One must know how to float as words do, without roots and without watering cans. One must know how to navigate without latitudes and longitudes and without motor. Without drugs and without burdens. One must learn to breathe like a wind measuring instrument. The cord must be made of sand, the anchor of aurora borealis." The Diary of Anais Nin, 1934-1939.

Jan Branham: "Choosing one American who has influenced me the most is impossible, but rather I admire all. I those who had the courage, pride and wisdom to question."

Chris Sawyer: "The era of westward expansion during the 1800's is the most fascinating period of U.S. History for me. The courage and dedication of these early settlers to survive and then succeed should serve as an inspiration to us all. Few of us ever have to face the hardships that were part of their daily lives."

Bob Valentine: "The only rational way of educating is to be an example. If one can't help it, a warning example. Albert Einstein."

Mrs. Lorie Brown: "I would have loved to have lived in 20's and 30's Hollywood. I have met some of the great pioneers in motion pictures such as Charlie Chaplin, Frank Capra, Cecil B. DeMille, Walt Disney. Ah the Golden Age of Hollywood."

Pete Fisher: "My favorite period in American History would be the 1950's, from the beginning around 1948. These were years of relative peace and domestic tranquility, tremendous strides in aviation and reeducation and individual steps toward exploration and expansion of boundaries and the beginning of the civil rights movement in dramatic artistic and intellectual growth."

John Ledwon: "19th is a brain-slave period in American History."

Business Department

Business Department - Teen-age America, the question is not what your employer can do for you, the question is what you can do for your employer? Can you type, do you know shorthand, can you operate office machines, do you know how to keep a set of books, can you sell goods and ideas, or are you going to join the 30% of unemployed high school graduates who have no skills? Get Some skills so you have something to offer a perspective employer. Offer him some skills he can't refuse.

Home Economics Department Home economics courses emphasize learning about personal relationships and management of resources as time money and energy. They believe that skills in communication, parenting, problem solving, and meal planning and preparation are much needed by todays young people. This past year they had a baby bath demonstration by a father and his twelve week old daughter, freshmen punching out some frustrations on a batch of bread dough with the odor of freshly baked rolls drifting upstairs to torture business classes, boys sewing themselves knit shirts, girls watching a make up demonstration, a public health nurse doing a baby exam to teach about health care and seniors learning how to buy a used car.

Barry Johnson: Of course for myself I've intensified and am led by life and my value whatever it is in my own expression of that. By Henry James 9

Amy DeWolf: Given the choice, I think I would choose to live in no other time than the present because we have the opportunity to witness change in a life time than any previous generation.

Donis B. Weber: D.C. Thanks to my father, to Ralph Black, my high school principal, who was my first principal as a teacher, and to Jewel Vaughn, Hendricks Co. Supt. of schools for starting and guiding me down right path in my teaching career. I feel I am where I am today because of these influences.

 I am pessimist. I think there is no struggle there is no progress. Those who profess to say of freedom and yet deprecate agitation are men who want crops without plowing up the ground. The struggle may be a moral one but it must be a struggle. Power concedes nothing without demand. Frederick Douglass

 Mr. Dick My favorite individual in American History is Teddy Roosevelt. I admire him because he was a unique blend of the rugged, aggressive and proud, as dominant while at the same time a sensitive, caring, perceptive environmentalist. He is famous for the phrase, "Speak softly but carry a big stick" which is what a teacher should remember when teaching freshmen all day. Too bad he was a republican.

Cheryl Meyers My favorite period in American History was the Migration into the West (1840s). I liked this period because families were close and had to work together in order to survive. The challenge and potential for growth was unlimited. Women were becoming more independent and more influential, because they shared equally in all the labors and dangers of pioneering.

Mark Hunter-I would have liked to live in the latter 19th century in the American West. I love the glorious western scenery and find it fascinating to re-live the lives of the miners, cattle men and frontier farmers.

Dan Pry For my students, who sometimes have trouble comprehending the importance of certain subjects, I like this quote from Marie Perle Osherson. In youth we learn, in age we understand. For my athletes, I have two. Henry Ward Beecher stated of winning victories that are cheap are cheap. Those are only worth having when they come as a result of hard fighting. My favorite quote came from a source unknown by me. Once you've made your mark in the world, look out for guys with an eraser.

John Uelman John F. Kennedy addressed the American people on the future for America, a future in which our country will match its material strength with our moral restraint, its wealth with our wisdom, its power with our purpose. I look forward to an America which will not be afraid of greatness, which will preserve the beauty of our natural environment, an America which will reward achievement in business and in sports. I look forward to an America which commands respect through the world, not only for its strength but for its wisdom and its justice. And I look forward to a world which will be not only for democracy and diversity but also for personal dignity.

Science Looks for the Future

Terry Pardee Behold the majesty of Nature's wonderful creations—Her snow-capped peaks and lush meadows. Her sparkling streams and cascading waterfalls. The delicate wings of her fluttering insects: a brilliant mantis or a vividly-colored butterfly. The notes of Her song birds: the meadowlark or robin, sonorous diapason. The solitude of a quiescent lake or the tranquility of the setting sun. The exuberance of Her spring wildflowers or the playful bark of a spring pup. Or the state that beckons the nocturnal spirit. For from her we receive a continual renewal of life's golden meaning, the magic of existence, the vitality of youth, and forever shall we dwell in the midst of Her majesty bathed eternally in her sacred womb.

Math Department introduced a new course this year Introduction to Hand Held Calculator Math. Had a theft lost all of our computers for our honors program about \$5,000 worth on the CEEB exam, which has had an alarming decline nomatically, our college bound seniors have done quite well on the mathematical section and have not shown a decline. Reports from our past graduates that have taken 4 years of math at NPHS indicate that they are well prepared and have a relatively easy time in their first course of college mathematics. More and more students are taking difficult math courses as electives, which indicates a stronger desire for knowledge then for a GPA.

Goodbye to a Fine Teacher and Sensitive Gentleman

On January 25, 1976, Mr. James McIlwain, a long time employee of the Oxnard Union High School District and the Conejo Valley Unified School District, passed away due to illness.

Mr. McIlwain was employed by Oxnard High School in 1958. He transferred to Hueneme High School upon its opening in 1959, working as Head Basketball Coach and Social Science teacher. He taught at Thousand Oaks High School upon its opening in 1962 until his transfer to Newbury Park High School upon its opening in 1966. Mr. McIlwain was teaching there when he took his medical retirement in 1975. He was very popular among both students and faculty at Newbury Park High School.

Those who knew him well had nothing but respect, love, and admiration for him.

In Dedication to Lorie

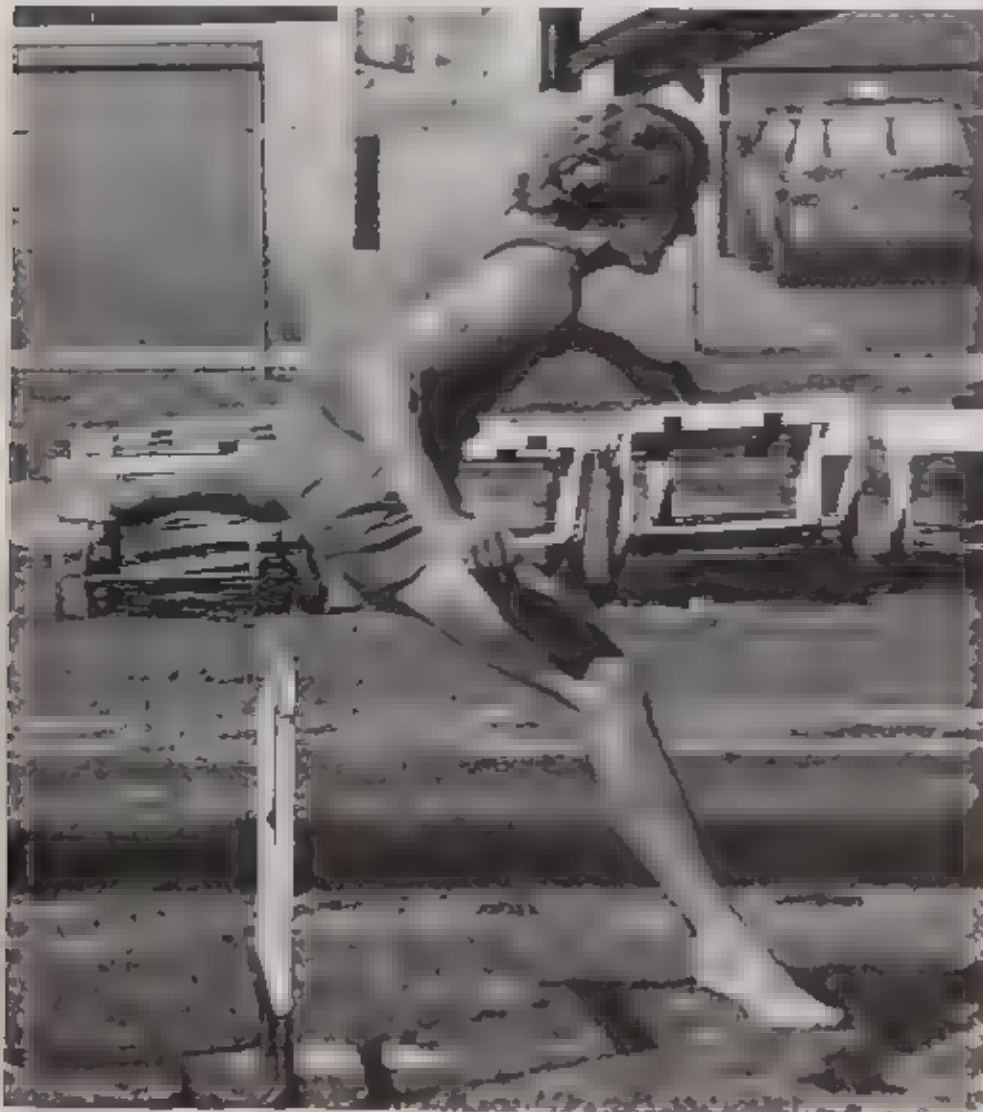

Lorie Ponzuric Brown died November 29, 1975 in a fatal motorcycle accident. She was a spontaneous, enthusiastic, hard working, well liked teacher on our campus. The entire school mourned the loss of the young woman who sincerely cared about her students and her craft.

Nancy.

During the hard practices, Curt Ausmus improves his form and speed. He makes the hurdles with ease which helps build up points

Jeff Shoop is always ready to lend a helping hand to Jeff Mathews. The relay team they made proved to be a great success

Danny Esparza is so light footed he hardly touches the ground. He's all set to go and be the first one across the finish line.

"Whew!" "Only ten more laps to go," says Steve Smith. They work this hard every practice and improvement really shows.

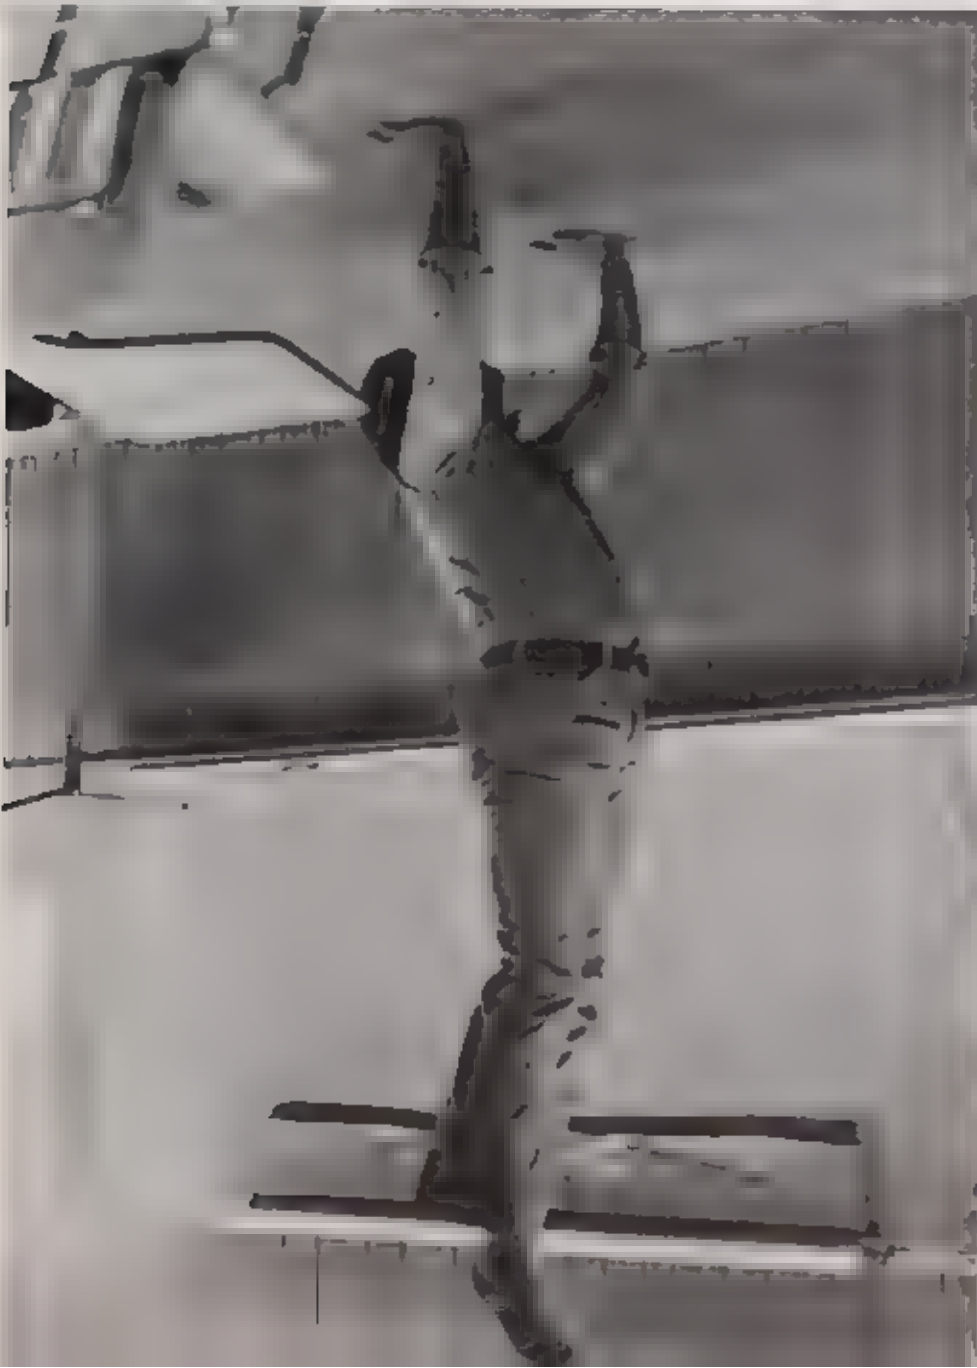

In 1975, the Varsity Track Team ended up with a 5-2 record for the season, while the Frosh Soph team went undefeated to capture the Marquette League Championship.

Only a few top performers were lost from the '75' team. Coach Stewart said he expected all of the teams to do extremely well. Although he stated, "our league is very well balanced this year, so it will be an extremely close race for first place." Keith Brockel, Curt Aasmus, Mark Bradley, and Jeff Mathews were our top performers this year.

"I sure hope this thing holds up," says Mike Davis, but he's really worried about going over the top. If the bar doesn't fall he'll win the event and help out the team.

An odd variety of campus sports.

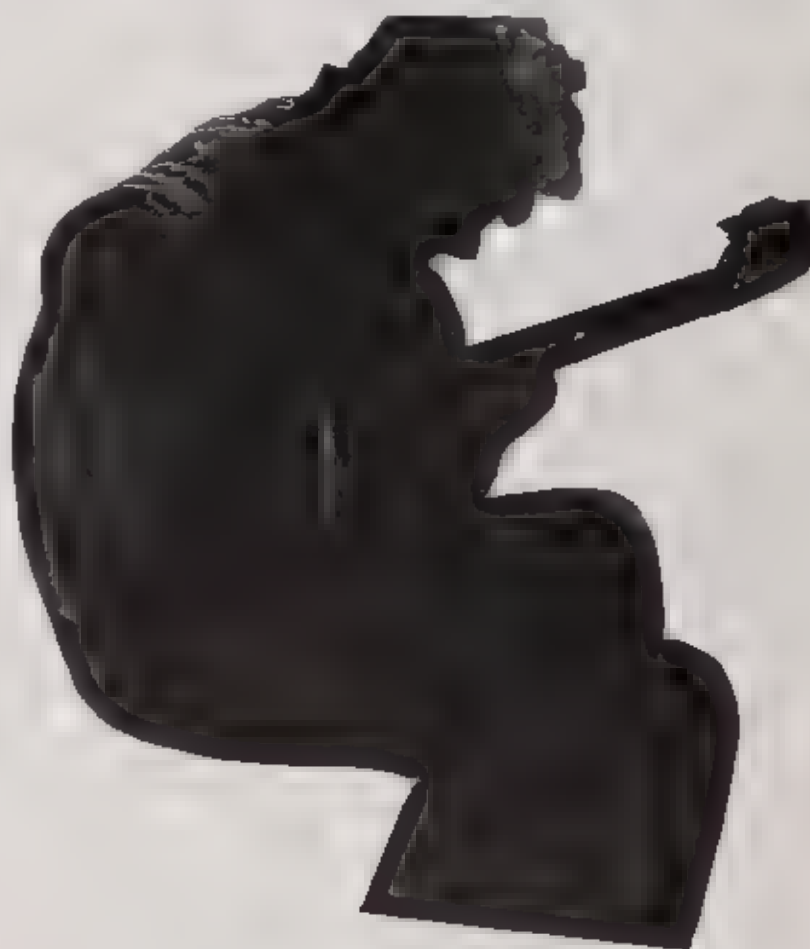

A collective group of Juniors doing their favorite passtime reclying and relaxing

Newbury Park sports have grown in the last couple of years. New buildings, equipment, and more and more students have become more involved in sports bringing in new talent. Students aren't just involved in school sports such as Basketball and Football.

Students and teachers show their own individual personalities and favorite passtime outside and in school. For instance, Worth Crouch shows his class how well he can do a handstand and sing God Bless America simultaneously.

A variety of campus activities included gossip, music, wheels, and strutting on hands & feet.

Both boys and girls work hard at this game

Both the girls softball and boys baseball came out of the season doing pretty well.

The boys baseball team had many juniors returning from last year and had new players from the J.V. team.

The girls also had many experienced players on their team this year. "Many of the girls have been in bobby sox before and are very good players. I was pleased with the way they performed this season."

Miss Winsky.

This year the golfers had a pre-season record of eight wins and four losses. N.P.H.S. finished second in the league and went to the C.I.F. sectional playoffs where the team finished tenth out of the thirty best teams in the area.

The team had three returning lettermen, Rich Drewes, Dean Simpson, and Brian Vanderpool. Also returning to make up the Varsity Team were Scott Martin, Jody Mack and Carl Johnson.

For the first time in three years, Freshmen and Sophomores were able to try out for both Varsity and Junior Varsity matches.

"The Newbury Park Gymnastic Team competed in the Marmonte League for the first time this year. As a gymnastic group, we organized a carwheel-a-thon raising money for team leotards. The girls then held a Christmas raffle to help with athletic team expenses. The girls have worked very hard on their routines and their efforts have been rewarded with a prosperous year. Considering the team consists of underclassmen, next year should be an exciting time for competition."

This year's 1976 Newbury Park Tennis Team began the season with stiff preleague competition. Led on by their number one man, sophomore Sean Brawley, the team faced tough matches against Dos Pueblos, Bishop Diego, and Agoura. League competition once again keyed on the perennial cross town rivalry between Newbury Park and Thousand Oaks, with the league champion emerging from those matches.

Throughout the year Coach Dick was quite pleased with the improvements of Paul Moore, Paul Anderson, Tim Hackett, Jeff Richards, Jackie Ballinger and Dale Hovious. Several bright J.V. prospects looking forward to breaking into Varsity level are Russ Laningham and Brett Korf, last year's "Most Valuable J.V. player". Coach Barone made an exciting entrance into the Panther's Basketball program last year when he took the job of Head Coach and lead the 1975 Varsity Team to the C.I.F. playoffs. Not only did he coach the team right through the playoffs, he coached them to the semi-finals. Coach Barone is with us again this year and if last year is any indication of his ability to coach Basketball our team has a good future.

Since the beginning of Basketball in Springfield, Mass. in 1891, it has become a major high school, college, and professional sport. Basketball is also a sport that competes in the Olympics. Teams all over the world have been formed and the rules of the game have been translated into more than thirty languages.

In the United States, Basketball is played and watched by more people than any other sport. Over 20,000,000 people play basketball in all parts of the world and more than 100,000,000 spectators watch it during one season. Of course, Newbury Park High School is far from having millions of basketball players along with millions of spectators, but basketball is one of Newbury Park's major sports and draws a great crowd of fans eager to cheer the panthers on to victory, as was done this year.

"Junior varsity basketball members consisted of an enthusiastic group of individuals who merged their talents to make a successful team.

There were three returning players out of the fifteen girl team Susana Howes, Tonya Johnson and Cathy Stansell-who together pooled their efforts with various other teammates to make a super season.

The team was young and inexperienced but through the development of many skills such as the flip flop play, and our pre-season games behind us-Total overall improvement was displayed. The girls made it known through their practice sessions that first place in league was the Team's goal. "Together" became our chant and unity was seen through encouragement from the bench as well as from the players on the court-thus giving that little extra to win league play."

Seniors Have a Lot to Give

The graduating football players had the Spirit of '76. For the graduates it meant the last season they would play on the NPHS team. For many of the players, it signified the last time they would set foot on a football field in tackle uniforms ready to play with a team. Hopefully they will remember these years with exciting memories.

With every touchdown pride and spirit unite the crowd with the players to spur our Panthers to victory.

The handwriting is extremely dense and slanted, making it difficult to decipher. It appears to be a continuous stream of text, possibly a letter or a journal entry. The ink is dark, and the paper shows signs of age and wear.

Due to the extreme angle and density of the script, specific words are illegible. However, some recognizable fragments include:

- "I am writing you"
- "with much love"
- "and affection"

The document is heavily damaged by large, irregular stains, particularly along the right edge and bottom, which obscure significant portions of the original text.

Let's celebrate! It's Friday!

Let's Celebrate

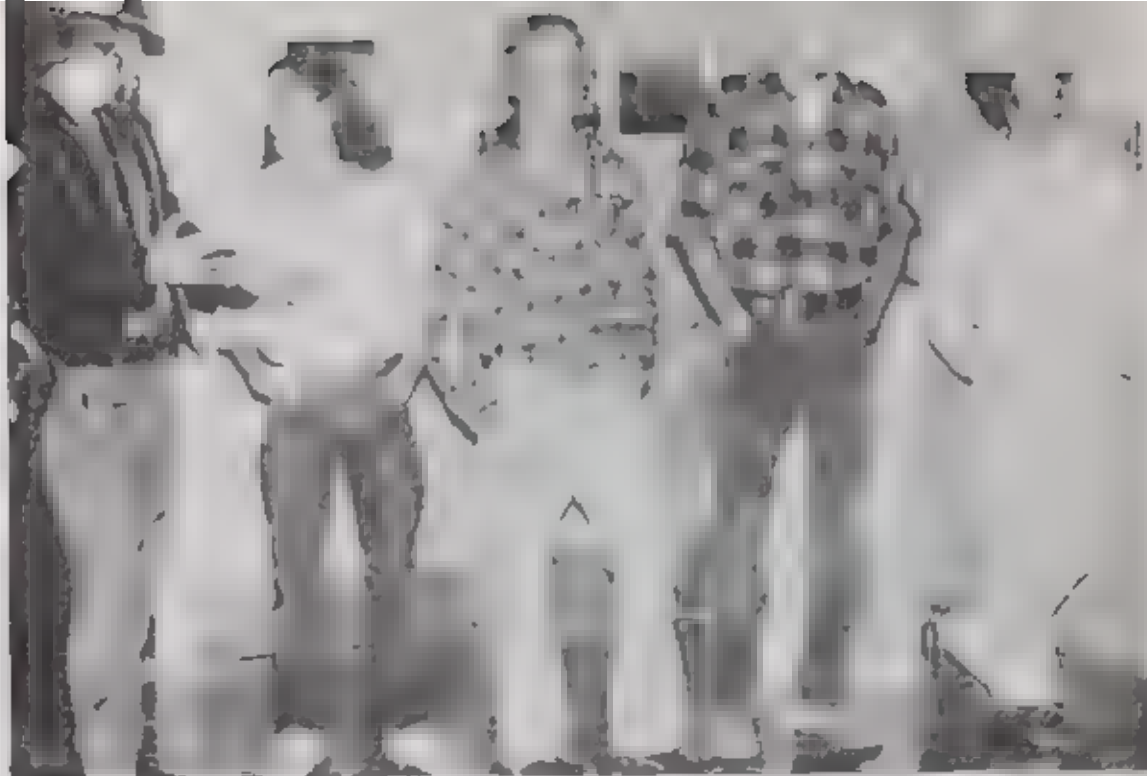

Let's Celebrate was the 1975 Yearbook theme. NPHS had a lot to celebrate about in 1975. The Bond was passed to build the rest of the School. The kids at NPHS had a lot to do with getting the bond passed. The new buildings will be finished in January, 1976. The Basketball team went to the quarter finals in CIF beating the top ranked schools. Celebrate!

The year started off with the Welcome Dance and went right into a successful Homecoming. The Christmas Dance, put on by the Girls' League, was also a success. Many other activities, such as Jr/Sr Prom, Senior Ball, 50's Dance, and 50's Day, Graduation and Gradnite were all a success.

The marquee in front of NPHS was finally finished and dedicated to those who had past away during their stay at NPHS.

Jim Bartolome and Shawn Cox skate board around the quad instead of walking

The theme for 1974 was "we may never pass this way again." Panthers started out the year with many activities. Homecoming, Christmas dance, Senior Ball which was a cruise around the Long Beach Harbor, Sweatheart dance, and the Jr./Sr. Prom. The biggest success was the 50's day and the 50's dance featuring Mad Wheelies and Lugnuts. Finally graduation and grad-nite.

"We May Never Pass This Way Again"

Expressions are a major part of NPHS.

The 1972 Pawprint captured the many changing expressions of the year. Picnic day on the football field during Homecoming was a new innovation. An ASB car rally was initiated. The groundwork for open campus was being set with Sven Larson heading the ASB. Campus sculpture and painted murals decorated the NPHS grounds. It was the beginning of the construction of a huge outdoor kiln for ceramics. The year was highlighted by league winning sports and two spring musicals: "110° in the Shade" and "Charlie Brown."

1972 was also the year of the big gas leak which left the school with muddy trenches and freezing classrooms for a major portion of the winter months.

Mr. Smith: you bad boy!

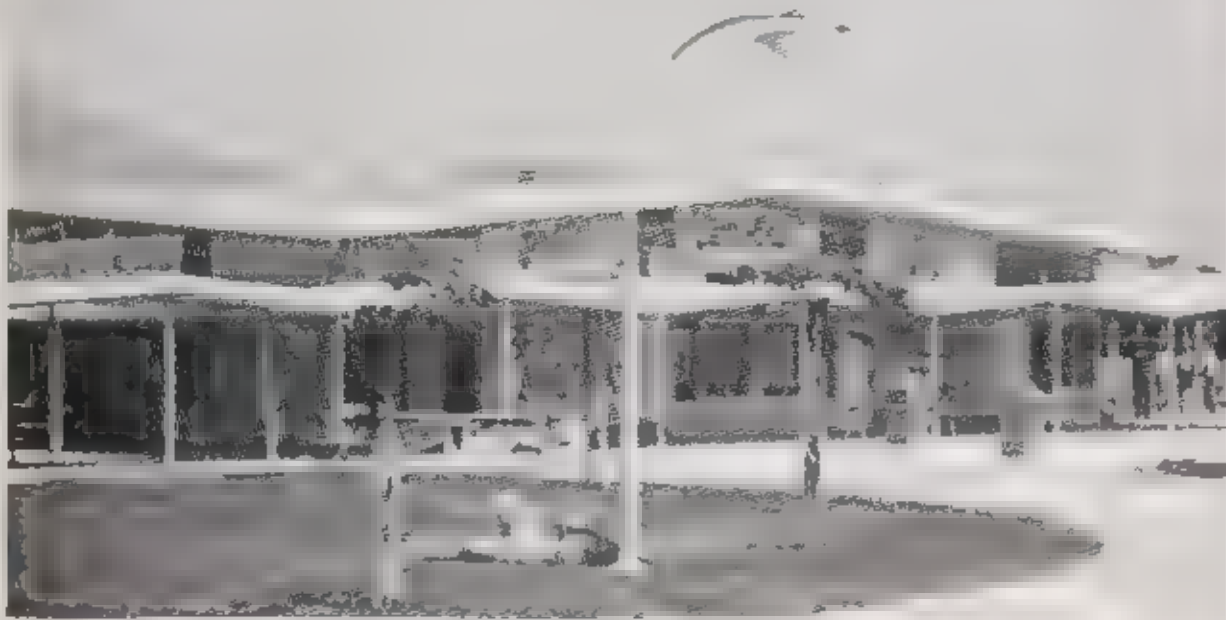

This yearbook is about illusions at Newbury Park High School. However, there are many facts observed by myself as your new principal that are not illusions, but are very real. The school has grown in size and spirit; Academic progress is improving and in all classes and among students. The P.T.S.A. as a new organization is working toward improved school and community cooperation. As your new principal, I am very pleased and proud to be a part of this fine school.

Astrology is an art and science which has enhanced mankind for centuries. Learned men have studied and valued it; kings and emperors have relied on it in troubled times. Today, more and more people turn to the stars for the knowledge they can gain about themselves and others.

Could it be that our daily lives here at Newbury Park High School are ruled by the stars? Think about it.

1970 was a year of many new things. It had a brand new newspaper, "The Prowler", and the first Homecoming and Homecoming week. Seniors were fated to earn the highest points in games that ranged from a scavenger hunt to a pie eating contest. Our first annual Homecoming attractions were enjoyed by the entire student body. The ASB President was Rick Dillingham.

New clubs evolved this year such as Distributive Education, Speech Club, Girls League and Youth for Understanding.

Zeroing in on another year of fun and frolic, the Paw Print staff has chosen Rowan and Martin's "Laugh-in" as the theme for this year's school chronicle. "Holy Walnetto!" you might be exclaiming. "Why did the Paw Print staff choose "Laugh in" for a yearbook theme? a) Because NPHS is a joke, b) Because NPHS isn't funny at all, c) Because George Washington slept here, d) because the yearbook advisor is really Dick Martin in disguise
Answer: Because

The second year of the panthers began with a full school of FOUR classes. Frosh, Soph, Junior, and Senior. The year of '69 was inspirational and exciting, with another Varsity Salute and many other activities. The ASB President Tim Brandy had a sparkling, useful student cabinet.

The class of '69 will always be remembered as the first class to graduate at NPHS. The class, also, instituted the senior patio, and they had the first Senior Ball. This was an outstanding year and it will always be remembered.

The First Days in Office: Panther History

"The Panthers first 176 days in office" was the theme of the first pawprint. It was published in 1968. That makes NPHS eight years old. Since 1976 is the year of the American Bicentennial we are briefly illustrating the history of Newbury Park High for the past eight years on the following pages.

The construction of Newbury Park was begun in the spring of 1966. Eight hundred and ninety Freshmen, Sophomore and Junior students opened the doors of NPHS. The year was 1967. In their first assembly, the first day of school, the students were met by the principal Mr. Elmer DeSilva. The student body answered with spirited applause to his announcement that, Newbury Park High School is your school; let's make it the best in the district."

The school year started with ASB elections. The first President was Sylvia Sykes. The ASB officers and student cabinet were excited and excited to begin the first year. The biggest formal dance was the Homecoming. Homecoming activities were the Sadie Hawkins Dance, Homecoming Day and the Homecoming Dance. The Homecoming was a graduation, with anticipation of the forthcoming year.

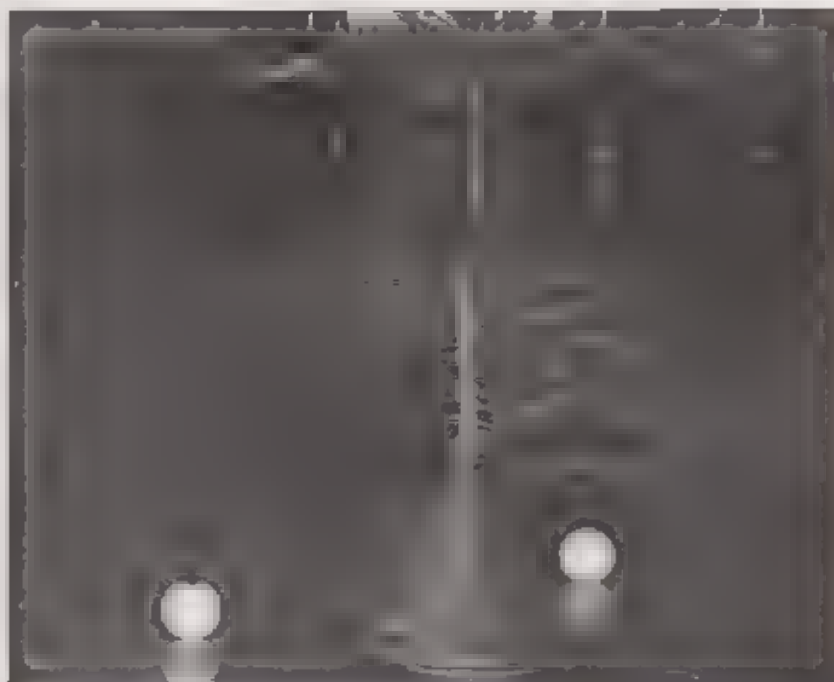

The Varsity baseball team won the CIF championship under coach Jay Merrett.

Triunfo Ball Presents the 1975 Debutants

Our school was very fortunate this year in having five girls honored to be debutants. These girls were picked during their junior year of high school. Qualities that gave them this position were academics and social participation in community activities. From the time these girls were picked in spring until October, when they were presented at the

Triunfo ball, they had many activities and dinner engagements to keep them busy. At the ball these girls were presented by their fathers to the community. They wore white dresses and carried a dozen red roses. This is truly a great honor and probably an event they will never forget.

The faculty show this school year of 1975-76 became a major production, *The Man of La Mancha* for the express purpose of raising funds toward construction of a memorial theatre in memory of deceased drama instructor Lorie Pon-zuric Brown. The director of music was Bruce R. Colell from CHS, the director was Dorothy Beaubien from N.P.H.S., the advisory director was Dr. Richard Adams from CLC, and Janis Myck was stage manager, a student from N.P.H.S.

Dark of the Moon

"Dark of the Moon" was the fall production of Newbury Park's Theatre Arts club. The play which will always be remembered as Laurie Brown's last production, was the tale of Smokey Mountain witchcraft. Performed in Newbury Park High School's own "Little Theatre", room 13. The production was successful.

Assemblies and rallies seem to draw a crowd. Many such activities were planned throughout the year for the enjoyment of the students.

Visitors for a year

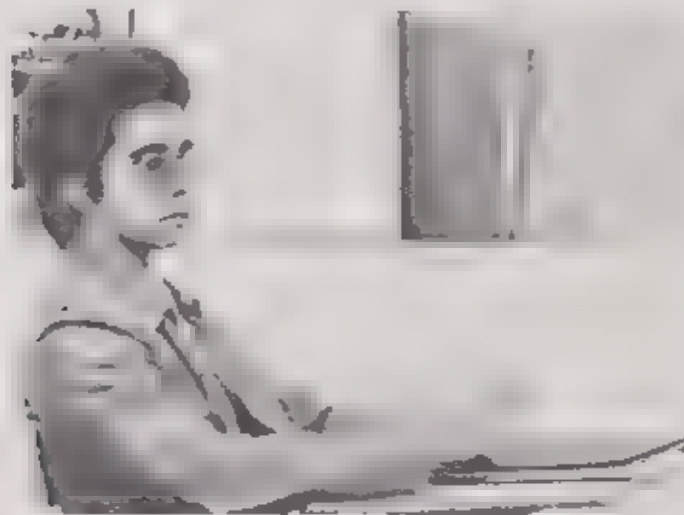

This year Newbury Park High School has had the pleasure to have gotten to know five foreign exchange students from all over the world. They are Kerston Roseman from Germany, Fabienne Deforges from France, Pertti Partanen from Finland, Maurico Wanderly from Brazil and Evangelos Koskinas from Greece. Rita Brendon our foreign exchange advisor has been handling the program for the last three years.

Fabienne Deforges "Cette année sera inoubliable pour moi. Je peux dire que j'aime réellement Newbury Park, ses professeurs, ses étudiants et tous ceux qui vous font sourire oublier un moment de cafard. Je ne dirai jamais assez merci."

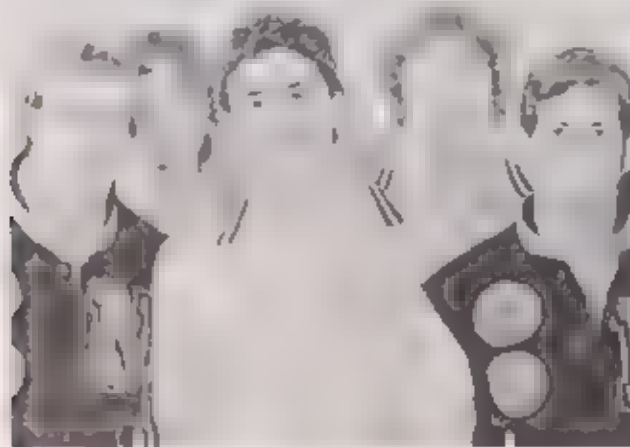

Kerston Roseman "Mit jedem Tag hier in Newbury Park sammle ich neue sehr interessante Erfahrungen. Ich werde auch in Deutschland noch viel mein Jahr in den USA denken, und es wird für mich immer eine bedeutend Zeit meines Lebens bleiben."

Maurico Wanderly "O Brasil fica na America do sw. Ele tem dizeete Estados, o mais e mais valorizado e Amazonia. A escolla da Presidente da Republica é por volo indireto. A capital da Republica é Brasília. Ele co tem duos Estações no Ano, Veras e Inverno. A lingua que blamos e o Português. Os principais recursos sai cana de açucari, gado, cêco, feijao, arroz etc. O oceano que banha é o Atlantico. Meu Estado é Alagors, capital Maceio."

Pertti Partanen "On ollut ilo kägää tätä koulua, jossa yhteishenki on kovin yhteinen. Nyt kun lukukausi on loppumaisillaan toivoisin että voisim jääää tänne toiseksi vuodeksi. Tässä arittelussa haluan kiittää oppuaita ja opettajia kaikesta avusta. Tulen aina muistamaan näitä hetkiä tässä koulussa. En minä muistamään näitä hetkiä."

Homecoming, Fun for All

Homecoming this year got off to a good start, with the building of floats and other activities such as the waterballoon toss, raft races, Volks wagen push and move.

Smiling faces gathered around to watch the activities while rooting for class competition.

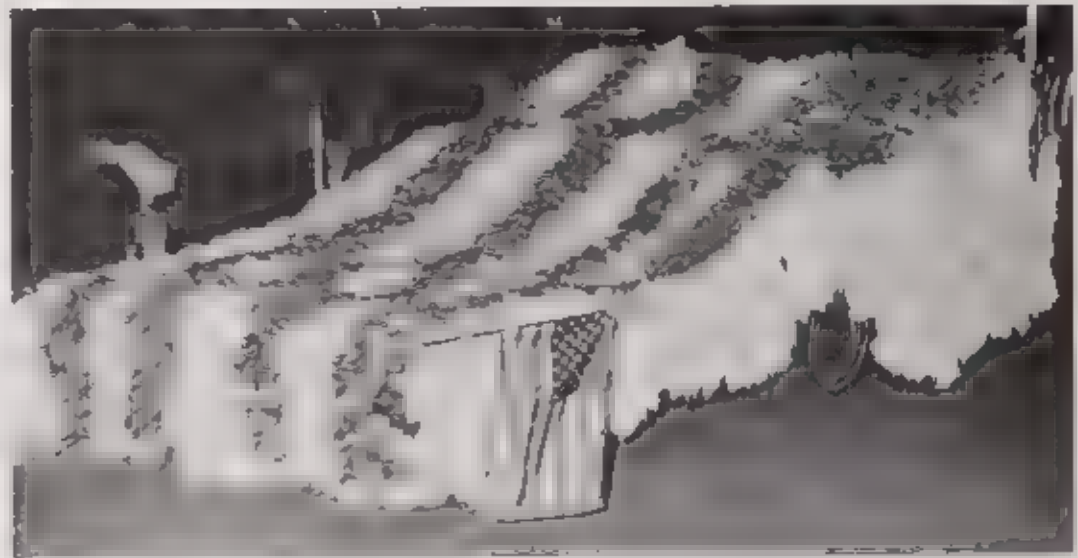

Celebrate, this year's homecoming theme, is just what everyone did. The students enjoyed themselves during homecoming week whether they participated in the activities or not. The whole week was topped off with a parade, a football game, then a dance.

The Freshmen homecoming float shows a lot of spirit with a black and gold Panther.

Panthers in action

Linda DePalma takes a serious moment to sit down and talk. This program has given her the opportunity to see how important it is that she cares.

Every day the girls go to the Hospital to visit the residents. It's a joyous occasion as Antoinette Callahan shows with a big smile.

Valerie Harris shows how easy it is to provide her love, concern and care without any thought of what she will receive in return.

A program was offered at Newbury Park High School to help the students and the mentally retarded at Camarillo State Hospital. The program was referred to as "High School Without Walls". The program consisted of two 17 week series to coincide with the school semesters. Twenty students attended from four schools, making a total of 80 students for each series. In return they would receive ten credits.

The student volunteer would travel to the Hospital and help out with recreation, sports, personal grooming, academics, such as learning names, colors and numbers. Their skills were also used in the Workshop for the Mentally Retarded, the Patient Library, the Behavior and Social Development Program and the Deaf Program.

The students worked on a one to one basis with the residents under the supervision of Nancy Flowers who was the Supervisor of the Volunteer Services. The Program as a whole seemed to be a great success.

Students make fire-fighters

One program offered at Newbury Park High School involved work experience. The program presented various types of jobs for a hundred and fifty students. They could work and earn ten credits per semester at the same time. Weekly assignments were required, such as filling out applications, pre-employment test and resumes. The students also had guidance in selecting a future career after High School.

Another Program offered was the Cadette program. This program involved twenty senior boys, ten from Newbury Park High School and ten from Thousand Oaks High School. The boys worked at five fire stations in the Conejo Valley. They spent a minimum of ten hours a week and earned five credits per semester. The purpose of this program was to expose them to fire science and the career of being a fireman

The panther spirit squad this year brought with them many changes and also followed through on N.P.H.S. traditions. Instead of six girls and a mascot the varsity squad had four girls and a yell king. The girls cheered the football, basketball, wrestling, track and swimming teams on to victory.

To raise money to support their activities, the girls sold homecoming mums and valentine carnations, a N.P.H.S. tradition. They held many car washes and a fashion show. Donna Gunderson and Sandy Cardamone proved that football can be a dangerous sport, while sustaining knee injuries during a football game. RAH'

Newbury Park High School's choir groups consist of Mixed Chorus, Midnight Sun and Black Orpheus. These groups have put on many shows. Their first show was "The Other Side of Me" on Nov. 4, 1975. It was a new experience for all. The group was lead by John Ledwon.

Another show was the Christmas concert in December and a Spring Show in May. Mr. Ledwon as director and Terri Cole on piano, the musical "Bye, Bye Birdie" was a success. The group also sang at Busch Garden's on February 21 which was a lot of fun for all who attended.

The students involved in singing for Newbury Park High put in a lot of hard work and have many fun times. The seniors will be missed but as usual plans for the coming years will continue.

Fine Arts

Students of NPHS express their feelings through music and art. The beauty of the world as interpreted by many of our students during the school year 1975-76 are on the following pages. The young artists exhibit talents in drawing, campus mural paintings, photography and commercial art. Newbury Park students are strong prizewinners in local, regional and state art competitions. Outstanding prizewinners this year were Barbara Barrett, Paula Swauger, Penny Dykeman, and Paul Siegle. Award winning photographers were Paul Moore, Mark Sanders, Marty Angerman.

Not only do the NPHS band members perform at every home game and many parades, they manage to enjoy themselves at their annual band picnic held in September.

Some of the Senior Award Winners

The Beginning of a Dream for a Community in Memory of Lorie Ponzuric Brown.

The Lorie Ponzuric Brown Memorial benefit performance of the *Man of La Mancha* is to initiate the building of a drama-theatre, music hall on the campus of N P H S. in memory of our recently deceased drama teacher, Lorie Ponzuric Brown

Faculty members from Newbury Park High School are involved in raising funds and arouse public empathy towards the construction of a memorial theatre-concert hall on NPHS campus

Lorie Brown was a young, energetic, enthusiastic educator and an inspiration to all that knew her. While she was drama teacher the existing drama program amazingly grew in student involvement in a very short time. Inside of four years her teaching assignment evolved from one drama class to four, which included stage crafts. This is a remarkable achievement for any teacher handicapped with having no rehearsal or performance hall

We feel that through Lorie's efforts, as well as those before and after her, our campus and community interest in live theatre is so strong that an auditorium on the NPHS campus is now vital to the aesthetic and cultural development of all people in the Newbury Park area. This structure will be used for plays, concerts, speech tournaments, civic meetings and other events which require this type of facility

The construction of a theatre would insure an income for the fine arts as well as vocational job training opportunities for 100's of students each year

Bank of America Award Winners-3 Out of 4 from NPHS

Peter Is Number One

Peter Stamos, Karen Laukka and Terry Cole won three of the four coveted Bank of America awards this year. The categories were best in Math and Science, Liberal Arts and Fine Arts. At the final competition Peter won the number one position in Math and Science. These are honors NPHS can applaud since three Bank of America Award winners from one school is a first in the Conejo Valley as well as the tri-counties.

NPHS Sends 8 Speakers to the State Competition another First in the Tri-Counties

With the exceptional coaching of speech advisor Marcene Solarez had eight students qualify for the state speech competition. Two of these students came back with second place. NPHS is the best in yet another intellectual endeavor.

"Drawing Hands" by M. C. Escher a professional artist whose drawing sets the mood for our section

REACH YOUR HAND TO ME

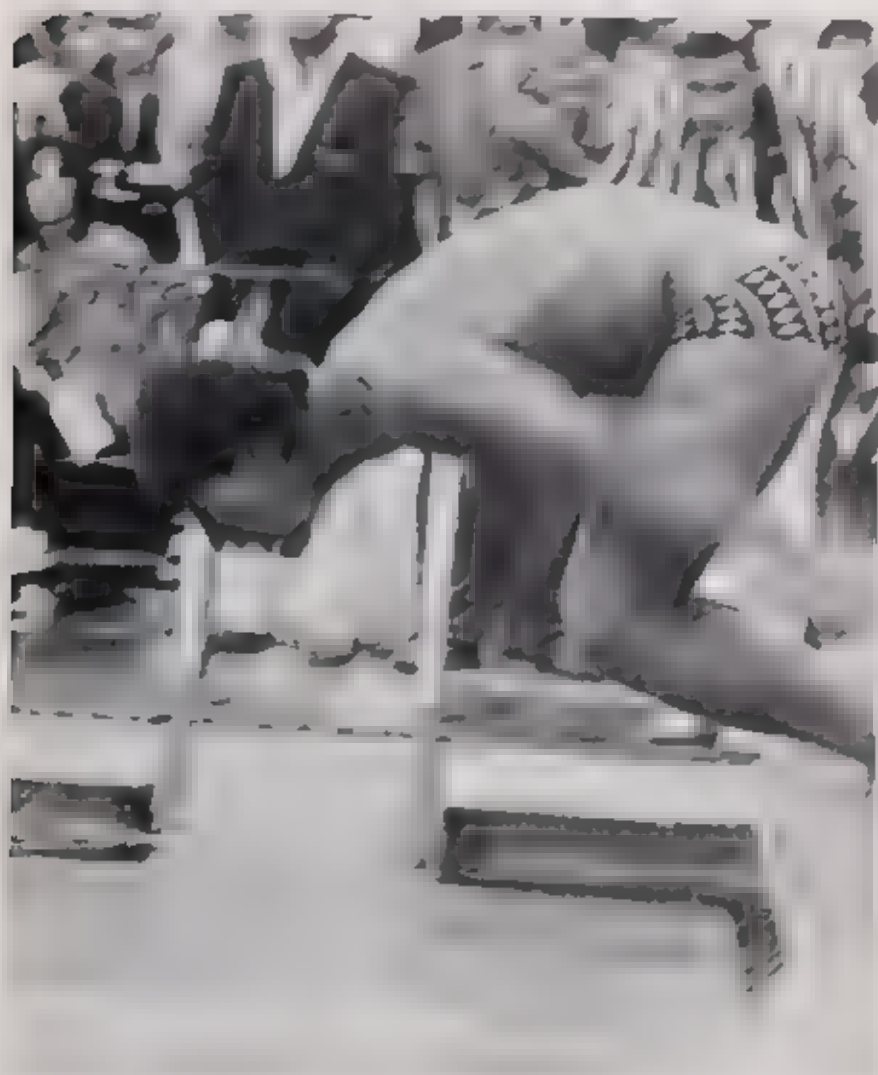

Reach your hand to me, my
friend,
With its heartiest caress-
Sometime there will come an end
To its present faithfulness-
Sometime I may ask in vain
For the touch of it again,
When between us land or sea
Holds it ever back from me.

O the present is too sweet

To go on forever thus!
Round the corner of the street
Who can say what waits for us?
Meeting - greeting, night and day,
Faring each the selfsame way -
Still somewhere the path must
end -
Reach your hand to me, my
friend!

Happiness Is Going to Europe

Mike Hayes swims his way to Europe.

Congratulations to Coach Sawyer, Mike Hayes, Kathy Lockert and also Evangelos Koskinos who get to go on tour in Europe to many swim meets throughout the country. We wish the best of luck to Mike and Kathy who will be representing the United States along with other chosen swimmers. Evangelos, a foreign exchange student from Greece, will be there on tour but representing his home country. He will also represent Greece this year in the Olympics. Coach Sawyer will be one of our team's coaches.

It's a great privilege being able to go to these meets and a great honor to know such people who are representing our own country.

Coach Sawyer says to Mike Hayes and Evangelos Koskinos, "We made it!"

"This was the 1st year that Newbury Park High School had a competitive diving team. Our two divers, Linda Holston and Kelly Culligan, both did an excellent job adding points to the Varsity score with their competition. Linda placed third in the league in diving at the Marmonte League Diving Championships. We look forward to their competition next season." Coach M. Dibble

Varsity,

"This year was the most successful season in the 4 year history of the Newbury Park Girls Swim Team. Pre-season started with a 3-1 record. The advancement of the season brought a successful season-trouncing all opponents with the exception of T.O. Although the score of the T.O. meet was not indicative of the action, it was a well-contested meet. The outcome of which was not certain until the finish of the last relay.

This year's successful season is attributed to the influx of new swimmers on our team. The majority of our Varsity squad are freshmen and sophomores.

We are losing only two Seniors this year, and although we will miss their contributions to our team, we look forward to next year's season, and another meet with T.O.! The season record was 8-2."-Coach M. Dibble

J.V.,

"We had the greatest swim season ever this year! We finished league with a 6-1 record and overall league standings were 10-1.

We had strength and depth in every event. Our top swimmer in the 50 yd. freestyle was Stacy Hughes, in the 50 yd. butterfly our strongest swimmer was Cindy Olmstead, in the 50 yd. backstroke it was Patty Glynn, and the 50 yd. breaststroke it was Nancy Getman and the 200 yd. freestyle record breaker was Patrice Heinrichs.

I am extremely proud of all the girls. We had a large group of new competitive swimmers this year and I am overwhelmed and very proud of their improvement and achievement.

We will be losing a Senior from the Junior Varsity swim team and will miss her great contributions. Good-bye and good luck, Nancy Getman"-Coach Sande Washburn

The graduating class of 1976, which is the largest single class ever to graduate from Newberry Park High School, with over five hundred graduates, will have many fond memories of their high school years. Though these graduating seniors witnessed many new changes they have been able to pull through per excellence.

This year we were honored to have four co-valedictorians. They were Karen Lauka, John Reeds, Peter Stamos, and Claudette St. Romain. Of these four only three gave valedictories. The valedictorians that gave valedictories were Karen Lauka, Peter Stamos, and Claudette St. Romain.

The Skin of Our Teeth

"Skin of our Teeth" is a parody of the human race. The story spans from the time of the first Ice Age, through the temptation of Adam, to the world wars. Throughout the play, one message appears, and that is that although there will always be the opposing forces of good and evil, man will somehow survive. The cast was: Wes Cox as the Announcer; Jess Borgeson as Mr. Fitzpatrick; Shelia Cwelinski as Sabina; Matt Chapa as Mr. Antrobus; Kerri Gordon as Mrs. Antrobus; Shelly Cowan as Gladys; Eric Greenfield as Henry; Adam Long as the Telegram boy; Sandi Westbrook as the Dinosaur; Sheri Patterson as the Mammoth; Sharon Mills as the Fortune Teller; Brian Humphrey as Bailey; Nick Cippolini as Tremayne; Linda Needham as Hester; and Lorraine Adams as Ivy. Comprising the Chorus of Voices were: Cal Liedtke, Jerry Cornick, Dave Adams, Tom Lian, Maureen Selvage, Donna Pitts, Claudette St. Romain, Laurie Birenbaum, and Tara Hoffman.
